Most Downloaded Files - Help Card

This section identifies the most popular file downloads for the site. The number of downloads indicates the number of times the file was successfully downloaded whereas the number of visitor sessions indicates the number of individuals who downloaded the file. If an error occurred during the transfer, that transfer is not counted.

Tip: You can use the File Types tab of the Options dialog box to specify the types of files included in this computation.

Tip: To focus your report, consider using the File Filter to include or exclude files or file types.

Most downloaded file types indicates the most popular data visitors are seeking. Files that don't appear on the list, or appear low on the list, may require maintenance, such as decreasing file size, or improving link placement.

Most Downloaded File Types

This section identifies the accessed file types and the total kilobytes downloaded for each file type. Cached requests and erred hits are excluded from the totals.
