MEMORANDUM

To: Council President, Frank Moran & Council Vice-President Curtis Jenkins

From: Councilman Angel Fuentes, At Large

Date: March 24, 2016

Re: Requesting an Ordinance to close liquor stores at 10pm 7days a week

I am certain that the Camden County Police and the local Alcoholic Beverage Control could agree that by closing these liquor establishments will help improve the quality of life to all residents of Camden.

Therefore, I am requesting an ordinance which will establish the lawful hour during which alcoholic beverages may be sold. The hour should be requested by closing these liquor stores at 10:00pm. This is not only the right thing to do, but does not create a conflict with the state law. This local restriction will enhance the City's redevelopment projects. We could also implement a system for anyone who violates the law by selling liquor after 10:00pm, will be a fine and/or a 10-day suspension of their license for the first offense as required by ABC investigators.

In closing, many parents will agree with us and support us. It is a matter of quality of life for the families, public safety, improvement in the neighborhoods, and less human and vehicle traffic in those liquor establishments late at night.

RE: Ordinance MC 1901 Amendment

Please be advised that the enclosed ordinance needs to be amended to include the new definitions as well as the additional section. The proposed amendments would add new definitions to section 4 as well as adding a new section 5, specifically for the dispensing of fuel. The New Jersey Legislature has already found that the State needs stronger measures when it comes to the fueling of motor vehicles. The new definitions and the additional section will strengthen Chapter 270 of the City's Code in helping to prevent hazards directly associated with dispensing fuel.

CITY COUNCIL REQUEST FORM

TO: Robert Corrales, Business Administrator

DATE: April 21, 2016

FROM: Marc Riondino, City Attorney

Department Making Request: Law

TITLE OF RESOLUTION/ORDINANCE: Chapter 270 Article I Gasoline Filling Stations.

BRIEF DESCRIPTION:

Procurement Process: Bid#, RFP#, State Contract#, Non-Fair & Open, EUS:

On November 24, 1982 the City Council of the City of Camden adopted Ordinance MC-1910 amending Chapter 270 in its entirety. The purpose of the proposed amendments are to prohibit self-service of gasoline and other inflammable liquids at retail gasoline stations. The amendments are consistent with the regulations found in N.J.S.A. 34:3A-4 et seq. The one additional provision found at §270-2(c) is for the fueling of off-road vehicles. The City of Camden has a problem with off-road vehicles being fueled at gas stations and then driving along the roadways and highways. Off road vehicles are a motor vehicle, designed and manufactured for off-road use only, however off-road vehicle users are fueling at gas stations in the City and are then pulling out in front of traffic, causing hazardous conditions on the roadways. The New Jersey legislature has regulations specifically for the use of off-road vehicles in designated areas. The legislature has instructed the Department of Community Affairs (DCA) and the New Jersey Department of Environmental Protection (DEP) to develop regulations for the permitted uses of off-road vehicles. In those regulations the only time off-road vehicles are allowed to be used on highways and roadways is when they are traversing the road to reach the designated area where off-road vehicles are lawfully permitted. The DEP designated three areas where off-road vehicles may be used, and Camden City is not one of the designated areas. Thus in order to prevent the usage of these off-road vehicles on the roads in the City of Camden, these vehicles can only be fueled if they are being transported on trailers. This will ensure that the off-road vehicles are not being fueled and then pulling out in front of other vehicles causing accidents or other various hazards.

ORDINANCE CREATING CITY OF CAMDEN RESIDENT IDENTIFICATION CARD PROGRAM

WHEREAS, the City Council of the City of Camden ("City") understands many of Camden's residents are unable to obtain government-issued identification that is required to fully participate in society and access critical services, benefits, and cultural, educational, and civic opportunities. It is the intent of this City Council to further support Camden's standing in the South Jersey region as a welcoming and inclusive center for its rich diversity of residents. Further, it is the intent of the City Council that the City of Camden's Resident Identification Card Program should affirm the resident status of all City residents who will proudly carry and use the card; and

WHEREAS, Camden offers an array of cultural, educational, and civic opportunities meant to be accessible to all members of our community. City Council intends to create a City of Camden Resident Identification Card that can be used to expand access and incorporate more members of the City's diverse community into the rich fabric of civic life; and

WHEREAS, by authorizing the creation of this Program, City Council does not intend to expand identification requirements for access to basic services or exercise of constitutional rights. The program should not be used as a proxy to require individuals to produce government-issued identification to access services and benefits where such identification is not presently required, such as registering to vote, casting a ballot, or accessing government buildings.; and

WHEREAS, City Council seeks to preserve the safety and privacy of all Camden residents. It is the intent of City Council that personal data gathered during the Card application process should be destroyed or maintained confidentially, subject to the administrative needs of the Program, pertinent law, rule or regulation; and

WHEREAS, the City of Camden has determined that the creation of a City of Camden Resident Identification Card Program would be in the best interests of all Camden's residents and help effectuate efficient, effective, and participative government; and

WHEREAS, the City of Camden by way of this Amending Ordinance seeks to update its rules and regulations with regard to the City's "Adopt A Street And Lot " Program; and

Only Camden City property owners can apply for Adopt A Lot status (hereinafter referred to as an "Adoptee"). Any tenant who wants to adopt a lot(s) shall be required to have their landlord apply to the Adopt a Lot Program for such adoption.

B. At all times, the City of Camden maintains full and continuous legal ownership of the adopted City-Owned Lots under an Adopt A Lot. The City's approval of an Adopt a Lot shall not be intended or construed as a grant to Adoptee of any ownership interest in the subject City-Owned Lot(s).

C. The purpose of the Adopt A Lot is solely for the cleaning and beautification of City-Owned Lots. The Lot is permitted to be used to plant a floral or vegetable garden only. No other activities can be conducted on the Lot. The Adoptee is required to properly keep up with the maintenance of the Lot, which means the grass should be cut and the yard cleaned. An Adoptee must supply the City of Camden with a Certificate of Insurance, which shall evidence sufficient types and amounts of insurance coverage--as set by the City in its sole discretion--for the City against general liability while the Adopted Lot(s) is under the care and upkeep of the Adoptee.

F. All Adopt A Lots will be issued signage designating the Lot(s) as an Adopted Lot.

G. Periodic inspections will be performed by the City to verify an Adoptee's compliance with the ordinances, rules and regulations governing Adopt A Lot. lawfully undertake as a general improvement, and no part of the cost thereof has been or shall be specially assessed on property specially benefited thereby.

(b) The period of usefulness of the improvement or purpose described in Section 3 of this bond ordinance, computed on the basis of the amount of obligations authorized for the improvement or purpose and the reasonable life thereof within the limitations of the Local Bond Law, is 15 years.

(c) An aggregate amount not exceeding $500,000 for items of expense listed in and permitted under N.J.S.A. 40A:2-20 is included in the estimated cost of the improvement or purpose set forth in Section 3 of this bond ordinance.

(d) The Supplemental Debt Statement required by the Local Bond Law has been duly prepared and filed in the office of the Clerk of the City, and submitted to the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey. Such statement shows that the gross debt of the City is increased by $5,000,000 (the amount of the authorization of the obligations provided for in this bond ordinance). The obligations authorized herein will be within all debt limitations prescribed by the Local Bond Law.

(e) This bond ordinance authorizes obligations of the City solely for a purpose described in N.J.S.A. 40A:2-7(d). This purpose is in the public interest and is for the health, welfare, convenience, or betterment of the inhabitants of the City. The amounts expended for this purpose pursuant to this bond ordinance are not unreasonable or exorbitant and the issuance of the obligations authorized by this bond ordinance will not materially impair the credit of the City or substantially reduce the ability to pay punctually the principal of and interest on its debts and the supply of other essential public improvements and services. The Local Finance Board in the Division of Local Government Services of the Department of Community Affairs of the State of New Jersey has heretofore made a determination to this effect and has caused its consent to be endorsed upon a certified copy of this bond ordinance as adopted upon first reading.

Section 7. The full faith and credit of the City is hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance. The obligations shall be direct, unlimited obligations of the City, and the City shall be obligated to levy ad valorem taxes upon all the taxable real property within the

City for the payment of the obligations and the interest thereon without limitation as to rate or amount.

Section 8. The City hereby declares its intent to reimburse itself from the proceeds of the bonds or bond anticipation notes authorized by this bond ordinance pursuant to Income Tax Regulation Section 1.150-2(e), promulgated under the Internal Revenue Code of 1986, as amended (the "Code"), for "original expenditures", as defined in Income Tax Regulation Section 1.150-29(c)(2), made by the City prior to the issuance of such bonds or bond anticipation notes.

Section 9. This bond ordinance cancels Ordinance No. 4927 of the City finally adopted September 8, 2015. Ordinance No. 4927 is hereby repealed upon the validity of this ordinance.

Section 10. This bond ordinance shall take effect 20 days after the first publication thereof after final adoption, and approval by the Mayor, as provided by the Local Bond Law.

BE IT FURTHER ORDAINED, that pursuant to N.J.S.A. 52:27BBB-23 and N.J.S.A. 40:69A-41, a true copy of this Ordinance shall be forwarded to the Mayor, who shall have ten (10) days from the receipt thereof to approve or veto this Ordinance. I. PROGRAM OVERVIEW:

Our broad brush program is designed to encourage your employees and managers to be proactive. We offer a comprehensive package that includes: clinical, educational, and administrative components.

Early resolution of personal problems is in the best interest of both the employee and the organization. We provide professional, short-term solution-focused counseling, management consultation, and community resource referrals to employees who are experiencing personal or work-related dilemmas ***BEFORE*** work performance becomes impaired.

Employees are educated about the positive benefits of the EAP and encouraged to be proactive and seek assistance on their own before problems begin to affect their work. We are able to assist employees as well as their immediate family members with a full-range of life problems, including:

* Substance Abuse Problems
* Anxiety & Depression
* Grief and Loss
* Co-worker Conflicts
* Marital and Family Problems
* Stress-management
* Interpersonal/psychological difficulties
* Psychiatric disease or distress

Managers and supervisors are also educated about the EAP and encouraged to use the program as a management tool in detecting and attempting to correct unsatisfactory work performance. Our EAP will work closely with your management staff to help clarify their role in identifying behavioral symptoms of emotional distress and making an appropriate referral to the EAP when work performance is deteriorating. *Please refer to Appendix B.*

- **Assistance to employees and immediate family members with personal, interpersonal, or work performance problems** - Counseling services extend beyond work performance problems and can include, but are not limited to: marital, family, single parent-child care problems, problems with co-workers and supervisors, anger management, and dealing with change. Assistance is also provided to employees in the form of community resource referrals -- for example, an individual who calls for financial assistance will be given referrals to agencies for supplemental assistance such as food stamps and low-income housing referrals in addition to supportive counseling to address the underlying issues of their overspending.

1. **Self Referrals:** employees who voluntarily participate in the EAP.

   Employees are encouraged to seek assistance on their own initiative before problems begin to affect their work. Early resolution of personal problems is in the best interest of the employee and the City of Camden.

2. **Work Performance Referrals:** referrals of employees to the EAP at the initiation of Management.

In conjunction with a comprehensive performance improvement plan, an employee can be referred to the EAP by his/her manager. This is not a mandatory referral and the employee has the option of not contacting the EAP. The employee, will however, be responsible for performing his/her job responsibilities at a satisfactory or higher level as stated within the policies and procedures of the City of Camden. Employees who are referred for work performance issues will be asked to give verbal and/or written authorization to the EAP so that their manager can be notified of EAP contact and compliance information. Employees will still be held accountable for performance standards regardless of EAP involvement and are subject to disciplinary action up to and including termination. Employees who are referred for work performance issues are seen until the work performance deficiency has improved and are not restricted to the five session limit stated above.

3. **Mandatory Referrals:** referrals by Human Resources for employees who have violated a policy and procedure that may result in immediate termination or for employees who have entered into the progressive disciplinary process and are in jeopardy of termination. All employees who enter the program as a mandatory referral will be required to sign a release of information for Human Resources. The release of information will pertain to compliance of the EAP recommendation and will not include information relative to the treatment plan or contents of the EAP sessions. If the EAP is requested to (1) authenticate noncompliance of the employee with the mandate; or (2) authenticate EAP documents (counseling or treatment notes expressed excluded) generated during the course of an employee's evaluation and counseling, this will be billed at an additional rate of $250.00 per hour including travel expenses.

- **Assistance with Substance Abuse Problems** - All services are provided on site with the exception of alcohol and/or drug detoxification and rehabilitation. If, in our assessment, a medical problem is detected, the appropriate referral will be made. Referrals to community health resources are also made when indicated. Our referral sources are thoroughly screened to ensure that the employee receives maximum benefit and treatment, while simultaneously considering cost-containment concerns. Throughout the course of drug and alcohol treatment, the employee's treatment is monitored by an EAP counselor. Our Substance Abuse Professionals (SAPs) are qualified to perform DOT substance abuse evaluations for those employees in safety sensitive positions. The SAP evaluation will be conducted and include "back to work" sessions with the employee, as well as "return to work contracts" between the company and the employee if requested. All drug and alcohol cases are monitored for one-year post treatment.

- **Crisis Intervention Services** - Cases of acute mental illness require immediate counseling intervention with the objective of assisting the ill employee to obtain appropriate medical evaluation and treatment. Assistance is offered to employees with acute reactions to situational stress, mental health, or substance abuse problems.

Employees or immediate family members who are in crisis will be referred directly to a crisis center for evaluation.

- **Consultation to Supervisory/Managerial Personnel** - Consultative services are available to your management staff and/or a contact may be initiated by EAP staff when they become aware of morale or other problems that need to be brought to the attention of your organization's management. Your management staff is encouraged to consult with EAP staff regarding work-related cases. The EAP staff will provide assistance to supervisors by reviewing cases, role-playing situations, coaching, and making suggestions regarding documentation. The key to these consultations is to train supervisors ***not*** to diagnose the cause of the problem, but to learn how to document work performance problems. This service is available to your management staff on an unlimited basis and can be conducted telephonically in most cases.

- **Mediation** – Our staff is trained to mediate conflicts arising between two employees and causing a business problem. Mediation is not counseling and a different approach is taken to achieve results. The mediator schedules a time to meet with each employee individually to hear their side of the disagreement and then meets with both employees to facilitate a discussion geared toward resolution of the business problem. If a solution can not be reached during the initial joint mediation session, an additional mediation may need to be scheduled. If the employees are not able to resolve their issue jointly, the mediator will listen to the facts and then determine the resolution. In some cases, employees may require EAP sessions for coaching between the initial joint mediation and the follow-up and this is determined on a case-by-case basis.

- **Coaching** – Both managers and employees need coaching from time-to-time whether they are new to their position or a newly promoted supervisor. Our EAP counselors are trained to provide professional development coaching as it relates to emotional intelligence, conflict management, effective communication, and anger management skills on an individual basis. The focus of the coaching sessions is to produce a positive impact in the confidence, commitment and work performance of the employee.

- **Critical Incident Stress Management services** - EAP staff members are trained by the International Critical Incident Stress Foundation and are available to provide critical incident stress management (CISM) services after an employee or employees experience a traumatic event in the workplace. CISM services can include one-on-one support, defusings, debriefings, and crisis management briefings for your employees within an appropriate time frame. The confidential defusings and debriefings are provided to employees as a vehicle to help them begin the process of healing and are often viewed by employees as a compassionate act by the employer; the duration of such interventions is usually between 60 and 90 minutes. These services are available on an individual or group basis as appropriate.

- **Policy Development** - In conjunction with management, the EAP will assist in policy development (i.e. EAP policy, drug-free workplace, violence in the workplace, etc.) specific to the needs of your organization. *Please refer to Appendix C.*

- **Supervisory Training Course** – This course is designed to educate your management staff with regards to the benefits of the Employee Assistance Program and the role it plays in managing employee performance; your management staff will be able to identify negative performance patterns; recognize a potentially troubled employee; utilize the EAP as a management tool in correcting work performance issues of individuals or the team as a whole; and learn how to make an appropriate referral to the EAP.

- **Employee Orientation Sessions** - Employee orientations are provided for all of your employees. These sessions help to demystify the program and make asking for help a little easier for all employees. Employees will be able to identify the benefits of the program, know how to activate their EAP benefits, why they should use the program, understand that their privacy will be protected, where the offices are located and their respective hours. Every employee who attends the session will receive a quick reference pocket brochure with FAQs and a contact number for the EAP.

- **Employee Awareness Material** - Educational materials promoting the program are provided and include: EAP pocket brochures, posters, and a letter of introduction.

- **Statistical Information** - Quarterly statistical reports indicating your company's utilization and demographics are provided. *Please refer to Appendix E.*

II. ACCESSIBILITY

Every employee and his/her immediate family members (spouse, life partner/significant other, and children up to 26 years of age and considered a dependent) are entitled to five, free, confidential counseling sessions, per type of problem. All eligible employees of the City of Camden can activate their EAP benefits by calling (856) 342-2280. During regular business hours calls are monitored by a mental health professional. Assistance is available 24/7 via our telephonic on-call response system. Those individuals who are in crisis and contact the EAP via our main office or on-call number will be referred to the nearest crisis center for immediate assistance.

Re: SFY 2016 Memorandum of Understanding

Dear Mayor Redd:

Enclosed for your review and governing body approval is the Memorandum of Understanding (MOU) between the Municipality and the Division of Local Government Services, outlining the conditions for the receipt of SFY 2016 Transitional Aid. Also enclosed are the Attachments referenced in the MOU.

To ensure consistency among all municipalities, the Division has taken great effort to standardize the MOU on requirements, orders and oversight to reflect the conditions deemed necessary for receiving Transitional Aid. Please note that changes to the SFY 2015 MOU have been made and include additional language under the heading, "Restrictions on Longevity Pay, Assignment of Individuals in Acting Capacities, Overtime, Salary Increases, Promotions and Transfers," and revisions to "Restrictions on Public Contracting."

Under certain circumstances an Addendum to an MOU is necessary in order for DLGS to address and support the needs of a municipality under Transitional Aid. The Addendum for the City is attached and made a part of the MOU.

Please arrange for the MOU to be approved at the next governing body meeting and memorialized by resolution. Following approval, please have 3 copies of the MOU executed and returned to me for my signature together with a copy of the resolution approving same. A fully executed copy of the MOU will be returned to the Municipality.

If you have any questions, please feel free to call me.

Sincerely,

Timothy J. Cunningham
Director, Division of Local Government Services

Implementing Provisions and Flexibility

The Director shall be represented by an assigned DLGS State Fiscal Oversight Officer and/or any other person or persons designated by the Director who shall be authorized from time to time to act on the Director's behalf as State Fiscal Oversight Officer.

All requests, questions, issues and submission of any attachment referenced above, shall be first addressed to the State Fiscal Oversight Officer by contacting such person(s) at the DLGS. The Municipality shall provide reasonable office space, as needed, so that the State Fiscal Oversight Officer may conduct business within the municipality. Additionally, the Municipality shall provide the State Fiscal Oversight Officer with requested documents and records and shall allow him or her to meet with the Business Administrator, Chief Financial Officer, Registered Municipal Clerk, Tax Collector and any other department heads or supervisors. Additionally, the State Fiscal Oversight Officer shall be provided immediate access to view information on the Municipality's accounting system upon request.

Submission of a Transition Plan / Application for Shift in Portion of Transitional Aid to Consolidated Municipal Property Tax Relief Aid ("CMPTRA")

The Municipality shall submit a plan on or before June 30, 2016 detailing how it intends to reduce its reliance on Transitional Aid (the "Transition Plan"). The Transition Plan may include a request to shift a portion of the award received in SFY 2016 to an increase in regularly recurring State aid payments (CMPTRA.). Such a request will be reviewed by the Division.

In no case shall the Transition Plan provide for a phase out of the aid over a period of more than two years. The Transition Plan must set forth reasonable efforts to reduce or restrain costs in the SFY2017 Budget. The Transition Plan shall discuss initiatives to bring structural balance to the Municipality's finances and shall include, but not be limited to, all of the following:

- An acknowledgement that the Municipality needs to reduce its reliance on Transitional Aid; and
- Efforts to bring economic development to the Municipality; and
- A plan to constrain or reduce staffing costs through aggressive collective negotiation agreements, attrition, consolidations, restructuring, or other personnel actions; and
- A plan to eliminate, reduce or constrain the costs of non-essential and low-priority services and activities; and
- A plan to maximize recurring revenues, including, as appropriate: updating fees, fines and penalties; maximizing enforcement of delinquencies; and selling surplus land and property; and
- A plan to address findings contained in various audits, investigations, and reports with respect to the Municipality, including municipal audits, applicable State Comptroller and State Auditor reports and audits, federal program audits, and other audits as identified by the Director

Authorities, Boards and Commissions

The Municipality shall enter into a Memorandum with all Boards, Agencies, Authorities or Commissions including, but not limited to, Historic Preservation Commission, Parking Authority, Housing Authority, Planning Boards, Zoning Boards, Alcohol Beverage Control Board, and the Redevelopment Agencies (collectively "entities"). The purpose of the Memorandum will be to have the "entities" agree to conduct ethics training, meet financial disclosure requirements and adhere to best practices, as to governance and procurement. Additionally, all entities must comply with the Local Public Contracts Law, state and local affirmative action regulations and laws, and statutory "pay to play" requirements to the extent applicable to each entity. Furthermore, all such entities of the Municipality shall collaboratively work together to advance the vision and mission of the Municipality. The term of the Memorandum shall cover each year that the Municipality receives Transitional Aid.

Restrictions on Hiring

1. **Hiring Employees Requiring Governing Body Advice and Consent.** A "Request to Hire Employees Requiring Governing Body Advice and Consent Waiver Form" (Attachment A) shall be completed and submitted to the Director through the State Fiscal Oversight Officer prior to the Municipality advancing any candidate to the governing body for advice and consent. Senior level and confidential employees typically requiring Governing Body advice and consent may include but are not necessarily limited to city manager, business administrator, chief of staff, department directors (including the chief financial officer who is also the director of finance), municipal judges, the police chief, the fire chief, the tax assessor and the tax collector. The Municipality shall not submit the candidate to the governing body for advice and consent until DLGS has indicated it has completed a preliminary review of the candidate. Thereafter, the governing body may hold a meeting to consider its advice and consent. The Municipal Clerk shall return the waiver form indicating the results of said meeting. Upon its receipt of the waiver form, DLGS will make a final determination concerning approval or disapproval of the candidate. The Municipality shall not hire the candidate until it receives DLGS final written approval. Resumes must be submitted for each candidate being considered for employment with an annual salary in excess of $37,500.

2. **Hiring Senior Level and Confidential Employees Not Requiring Governing Body Advice and Consent.** A "Request to Hire Senior Level and Confidential Employees Not Requiring Governing Body Advice and Consent Waiver Form" (Attachment B) shall be completed and submitted to the Director prior to the Municipality hiring any such candidate for employment. (Senior Level and Confidential Employees shall include, but not be limited to: the City Manager, Business Administrator, Chief of Staff, Chief Financial Officer, Tax Collector, Chief of Police, Chief of Fire, Department Head, Division Director, and any aides to the Mayor or governing body, regardless of job title.) Any such senior level and confidential employees requiring advice and consent shall be subject to the approval process in #1, above. Nothing herein shall alter any State or municipal laws governing the necessity to obtain advice and consent. The Municipality shall not hire the candidate until it receives final written approval from DLGS. Resumes must be submitted for each candidate being considered for employment with an annual salary in excess of $37,500.

3. **Hiring All Employees Other Than Employees Requiring Governing Body Advice and Consent or Senior Level and Confidential Employees.** A "Request to Hire Employee Waiver Form" (Attachment C) shall be completed and submitted to the Director prior to the Municipality hiring any person who is not covered by either of the two processes described in the preceding paragraphs. Resumes must be submitted for each candidate being considered for employment with an annual salary in excess of $37,500.

4. **Hiring part time, hourly and seasonal employees.** The hiring of part time, hourly and seasonal employees receiving no health benefits will be addressed by title in its entirety. The Municipality shall submit a Table of Organization and or request for the maximum number of employees in the title along with the budgetary impact for the title. DLGS will review the request and approve a total number of positions for that title for the purpose of hiring and replacing employees, as needed. Additionally, DLGS will review and approve the appropriate budgetary appropriation for said title. The Municipality must certify that the appropriate background checks were completed and remain in compliance with State and federal labor laws.

5. **Anti-Nepotism Policy.** The Municipality shall adopt and maintain an anti-nepotism policy. The policy should be reflected in the municipal personnel manual. Family members/relatives of municipal officials and employees may be eligible for employment with the Municipality only if individuals involved do not work in a direct supervisory relationship, or in job positions in which a conflict of interest could arise. The term "family member/relatives" should be defined to include but not necessarily be limited to spouses, children, siblings, parents, in-laws, and step-relatives. Current employees who marry will be permitted to continue working in the job position held only if they do not work in a direct supervisory relationship with one another or in job positions involving conflict of interest. Barring no conflicts of interest, the Municipality may "grandfather" employees from this policy that were hired prior to the date of the original Memorandum, with the understanding that if an employee is separated and re-hired, they must adhere to the new policy.

Restriction on Terminations and Suspensions without Pay

The Municipality shall be required to notify the State Fiscal Oversight Officer of a decision to terminate or suspend without pay any officer or employee or, request that an employee resign. No employee requiring governing body consent, the business administrator or a DLGS licensed official may be terminated by the Municipality or asked to resign without the Municipality first submitting a "Termination Form" (Attachment M) for approval to DLGS. The State Fiscal Oversight Officer in his or her sole discretion, shall be permitted to, but shall not be required to, prohibit or postpone such a termination for any the following reasons: retaining a qualified and conscientious employee; ensuring an appropriate transition to a qualified replacement; concerns that termination is not consistent with law. Prior approval to terminate an officer or employee is not needed upon an officer or employee being criminally convicted or indicted.

Restrictions on Longevity Pay, Assignment of Individuals in Acting Capacities, Overtime, Salary Increases, Promotions and Transfers

1. **Elimination of Ordinances Allowing for Future Increases in Longevity Pay or other Forms of Increases for Elected Officials and Non-Contractual Employees:** The Municipality shall immediately freeze supplemental pay provided to elected officials and non-contractual employees, including but not limited to "longevity pay" at the rates that existed prior to the effective date of this Memorandum (or in the case of a Municipality that received Transitional Aid or a State Loan from DLGS in CY 2014, prior to the effective date of the 2014 Memorandum). Stated differently, supplemental pay for elected officials and non-contractual employees shall not be increased on or after the effective date of this Memorandum (or the 2014 Memorandum if applicable). Any applicable ordinances and policies shall be amended accordingly.

2. **Assignment of Individuals to Acting Positions:** The Municipality shall not assign any person to work in an "acting capacity" in regard to positions permanently vacated through death, retirement, termination or resignation if the vacant position is covered by the process for either a "Request to Hire Employees Requiring Governing Body Advice and Consent Waiver Form" or a "Request to Hire Senior and Confidential Employees Not Requiring Governing Body Advice and Consent Waiver Form." In such cases, the process for assigning a person to work in an "acting capacity" shall follow the process for permanently filling the vacancy.

3. **Employee Primary Functions:** The Municipality shall prescribe all municipal employees service functions that directly relate to the service responsibilities of the department and division to which they are assigned. No municipal employee may have as their primary function the performance of union functions.

4. **Salary Restraints for Elected Officials and Non-Contractual Employees:** On and after the effective date of this Memorandum, the Municipality shall not increase the salaries or compensation of elected officials, non-contractual employees, and contractual employees who are not otherwise entitled to increases under the terms of a negotiated contract. Elected officials shall not be entitled to accrue sick or vacation time and shall not be entitled to receive payouts for said time.

5. **Overtime Compensation**: The Municipality shall not authorize any employee, including but not limited to any management employee, to earn or be paid for overtime unless Federal or State law expressly requires overtime to be earned or paid. Any applicable

ordinances and policies shall be amended accordingly. Elected officials are not eligible for overtime.

6. **Renewal, Extensions, and Changes to Individual Employment Contracts:** No new or renewed individual employment contracts, extension of terms of an individual employment contract, or any other change to an individual employment contract shall be executed without the prior written approval of the Director.

7. **Promotions, Transfers, and Title Changes**: Absent approval by DLGS, the Municipality shall not approve any promotions, transfers, and/or title changes resulting in a salary increase or other subsequent personnel actions including but not limited to "backfilling" unless required to do so by contractual obligations.

8. **Exceptions for Good Cause:** The Director may authorize salary increases or promotions for good cause upon the Municipality's written request. Good cause may include salary increases or promotions that are part of a plan to restructure personnel or service delivery in a manner that is intended to achieve cost reductions.

9. **Elected Officials:** The Municipality acknowledges it is inappropriate for an elected official to receive payment for vacation, sick, compensatory, or overtime relating to his or her elected position. To the extent any ordinance contains provisions expressly allowing for such forms of compensation to elected officials, the provisions shall be considered inoperative. Any such inoperative provisions remaining on the books shall be deleted by the governing body within 60 days of being notified by DLGS.

10. **Sick Time Policies:** The Municipality acknowledges it is inappropriate for employees to be rewarded for not being sick and shall adopt an ordinance disallowing compensation for unused sick time to the extent such an ordinance would not violate a contractual entitlement existing prior to enactment.

11. **Compensatory Time:** The Municipality acknowledges that compensatory time can be an appropriate means by which to manage human resources within flexible time schedules that may require work at unusual times, but should not be a form of compensation for employees whose positions require unusual work hours and who not

entitled by law or contract to receive pay for compensation time. Therefore, while the Municipality may establish compensatory time policies for such employees, the policies shall contain a requirement to "use it or lose it" quarterly.

12. **Direct Deposit of Net Pay:** The Municipality shall adopt a resolution or ordinance requiring mandatory direct deposit of net pay for all employees. Exemptions may be granted for seasonal and temporary employees. Additional information regarding direct deposit can be found in LFN 2015-14 on the DLGS website at http://www.nj.gov/dca/divisions/dlgs/lfns/15/2015-14.pdf

Restrictions on Public Contracting

1. A "Contract Request Form" (Attachment D) shall be submitted to and approved by the Division prior to the Municipality authorizing the services of any consultant or professional, regardless of contract value, or any amendments with respect thereto. This condition applies to legal services, insurance brokerage services, risk management, grant writing, public relations, government affairs, engineering and public works, accounting and financial services, public safety and health services, management services, and without any exceptions, services of any type or description, regardless of contract value, that are procured as professional services and/or extraordinary unspecifiable services under the Local Public Contracts Law.

2. A "Contract Request Form" (Attachment D) shall be submitted to and approved by the Division prior to the Municipality authorizing the purchase of goods or services requiring governing body approval.

3. The "Contract Request Form" shall be accompanied by the Request for Proposal, the list of all bidders and their bid amounts, and the evaluation memorandum or worksheet.

4. Unless ordered to the contrary, the Division's pre-approval is not required in cases where the Municipality intends to award a contract to a vendor that was approved by DLGS during the previous budget year and if all of the following conditions are present: (i.) the Municipality has complied with this Memorandum and laws relating to the procurement process, and (ii.) the scope of services, rates (or total contract value), caps on payment, and other terms are the same or better than the previous budget year, and (iii.) any conditions imposed by DLGS in the previous year's approval are retained in FY 2016.

5. The Municipality may retain consultants and professionals without the Division's pre-approval in cases of emergency, provided however, that the engagement shall be promptly reported to the State Fiscal Oversight Officer and the scope of the engagement is limited to meeting the requirements created by the emergency.

6. The Municipality shall include a disclosure form in their bid package for bidders to disclose any prior or pending ethics complaints against them or their company.

Restrictions on Hiring Firms or Individuals to Perform Audit and Non-Audit Accounting Services

1. The Municipality's contracting agent shall use the Division's approved Request for Proposal package when procuring audit services (preparing the municipal audit) and when procuring non-audit accounting services (assisting with the development of the annual financial statement and/or municipal budget).

2. The Municipality shall establish an evaluation committee to review proposals received for these services, one of which members shall be the State Fiscal Oversight Officer or his/her designee (assigned from among DLGS staff).

3. The qualified person or firm that is engaged to perform audit services shall be ineligible to perform non-audit accounting services

Restrictions on Tax Exemptions and Abatements and the Collection of Related Payments in Lieu of Taxes

1. In no case shall a redeveloper agreement or PILOT payment schedule be approved by the governing body that requires an up-front, one-time, or short term payment that leaves the Municipality with a structural revenue loss in the ensuing year or later years without prior approval.

2. A "Contract Request Form" (Attachment D) shall be submitted to and approved by the Director prior to the Municipality authorizing any proposed PILOT Redevelopment Plan, or Redeveloper Agreement (or amendments thereto), or any ordinance authorizing same. The State Fiscal Oversight Officer shall meet with the Municipality and determine whether the development plan has been established through a reasonable process and that tax exemptions and PILOTs have been reviewed in the context of gap financing to ensure they are not being awarded without good cause. Such notification shall not be required when: (1) any proposed PILOT contained in the Redevelopment Plan or Redeveloper Agreement is allocated to the county, school district(s), and other applicable local government jurisdictions in the same proportion as ordinary taxes are allocated to those taxing district; (2) any amendment to a Redevelopment Plan or Redeveloper Agreement maintains or increases a PILOT previously set forth in a Redevelopment Plan or Redeveloper Agreement; or (3) any Redeveloper Agreement that is required or approved by the New Jersey Housing and Mortgage Finance Agency. To request approval of tax exemptions and PILOTs pursuant to this section, the Municipality shall submit Attachment D and provide information containing: a cost benefit discussion of the project; assurances that the project would not move forward but for the existence of a PILOT; the taxes that would be collected if the project were subject to ordinary taxation; and the proposed PILOT.

Regular Meetings with DLGS on Economic Development Efforts and Reporting Requirements Pertaining to Tax Exemptions and Abatements

In recognition that special tax exemptions or abatements should be granted only where essential to ensure economic development, the Municipality shall complete and return to DLGS a completed "Tax Exemption and Abatement Report" (Attachment L) along with its 2016 application estimated due date in March 2016). The report is an electronic fillable spreadsheet which is located on the Division's website under the Municipal State Aid section. The following documents must accompany the report and be delivered in PDF format: a map of all areas within municipality classified as Redevelopment Areas; a map of all areas within municipality classified as Areas in Need of Rehabilitation; and any current ordinance(s) allowing taxpayers to obtain tax exemptions or abatements as a matter of right. This report does not replace any similar filing requirements that may be required pursuant to State statute. It will be necessary for the Tax Collector, Chief Financial Officer, and Tax Assessor to collaborate in preparing the form and certifying to the accuracy of the data submitted.

Restrictions on the Creation or Expansion of Services

A "Creation/Extension of Services Form" (Attachment E) shall be submitted to and approved by the Director before the Municipality creates or expands municipal services. This condition extends to the creation of new programs and increases in funding or expansion of eligibility of existing programs. By way of example only, the following actions would need pre-approval from the Director: creating a new recreational program; expanding the total number of enrollees in a particular service; establishing a new regulatory program in the area of code enforcement; establishing or increasing funding for a grant or loan program.

Restrictions of Miscellaneous Nature

1. A "Travel Approval Form" (Attachment F) shall be submitted to and approved by the Director before the Municipality expends funds for out-of-state travel and overnight stays within New Jersey, which shall include attendance at the annual convention of the New Jersey League of Municipalities. The Municipality shall explain good cause for the expenditure, which may include, but is not limited to, a need to: maintain licensure or certification of statutory employees; essential training for elected officers in areas concerning finance, budget, procurement and ethics; and essential training for public safety employees. Travel for executive protection will generally not be approved absent a compelling reason. The Director may, at his or her discretion, consider requests for executive protection upon request of the Municipality. These requests must follow the same procedure as all other travel requests and must be accompanied by a completed "Travel Approval Form" (Attachment F) along with a significant justification for the need for executive protection. Requests must be submitted in advance of the requested travel dates. Failure to obtain prior written approval may result in a reduction in Transitional Aid.

2. Expenditures and reimbursements from any municipal funds for food/meals (other than food/meals required by contracts in effect on the date of this Memorandum), entertainment, and receptions are prohibited.

3. A "Grant Approval Form" (Attachment G) shall be submitted to and approved by the Director before the Municipality accepts or executes any grant agreement requiring current or long-term matching public funds, a commitment of municipal resources or minimum staffing levels.

4. No public funds shall be paid or distributed in any manner to non-profit organizations, including but not limited to, charitable organizations, unless the expenditure of funds is expressly authorized by statute. No public funds shall be expended for non-statutory charitable Contributions, bereavement, or celebratory purposes, for individuals or organizations.

5. No fees established by ordinance adopted by the governing body shall be reduced or otherwise revised without prior approval of the Director.

6. The Municipality shall not assign active duty police officers as security for the Municipal Court but shall hire retired police officers or special law enforcement officers at an hourly rate not to exceed $25 per hour.

Requirements for Approval of Bond Ordinances and Contract Request Forms

1. A "Bond Ordinance or Contract Request Form" (Attachment H) shall be submitted to and approved by the Director before the governing body introduces any proposed bond ordinance exceeding $1 million or authorizes any proposed contract exceeding $1 million.

2. The Municipality shall file with the Director prior to closing, a copy of any Offering Statement prepared in relation to any financing.

Requirement to Have a Pay to Play Ordinance

The Municipality shall have a "pay to play" ordinance pursuant to P.L. 2005, c.271 limiting the awarding of public contracts by the Municipality or its agencies to business entities that have made a contribution pursuant to N.J.S.A. 19:44A-I, et seq. and limiting the contributions that any business entity can make during the term of their contract with the Municipality. The ordinance shall not be repealed or amended for so long as this Memorandum is in effect. The ordinance shall be substantively identical to the provisions of the "pay to play" model ordinance which can be found at http://www.state.nj.us/dca/lgs/muniaid/pay to play ordinance-contractor.doc.

Requirement to Consider a Model Insurance Brokerage Ordinance

Insurance costs, especially health care and prescription benefits are very costly for municipalities. In an effort to obtain the lowest possible price for insurance, whenever the Municipality desires to retain the services of an insurance consulting service (e.g. broker), the Municipality shall consider and discuss the "Best Price Insurance Contracting" model ordinance (Attachment I) at a public hearing of the governing body.

Individual and Collective Negotiation Agreements

1. The Municipality acknowledges that the State will not provide Transitional Aid in cases where the Municipality allows or approves compensation increases that are not sustainable. The Municipality understands that if it approves any individual employment contract or any collective negotiation agreement that increases annual compensation for the employee or group of employees by more than 2% annually, on average during the term of the agreement, the Municipality may become ineligible for future aid.

2. The Municipality acknowledges that the State Fiscal Oversight Officer or designee has the right to be present during collective bargaining negotiations/mediation/arbitration as an observer who may offer comments or recommendations to the city negotiation team in closed session. The Municipality shall provide a copy of any proposed employment contract, collective bargaining agreement, or settlement agreement to the Division for review at least ten days prior to ratification. A "Contract Request Form" (Attachment D) shall be submitted to and approved by the Director prior the Municipality authorizing execution of the Collective Negotiations Agreement.

3. The Municipality acknowledges that the State does not provide Transitional Aid for the purpose of subsidizing health and prescription benefits that are more expensive than the health and prescription benefits available through the State Health Benefits Program. The Municipality understands that pending rules prohibit the execution of new collective negotiation agreements that provide health insurance more expensive than the State Health Benefits Plan. The Municipality shall provide a plan to take all steps necessary to enroll in the State Health Benefits Plan should their health care insurance costs exceed that of the State Health Benefits Plan.

4. The Municipality will provide the Director with copies of letters substantially similar to the model letters set forth on Attachment (J) (for municipalities participating in the State Health Benefits Program) or Attachment (K) (for municipalities not participating in the State Health Benefits Program) that it has delivered to each of the collective bargaining units representing the Municipality's employees. Furthermore, in the event that any collective negotiation is submitted to binding arbitration in the case of police and fire employees or fact-finding in the case of all other bargaining unit employees, the Municipality will deliver to the arbitrator or fact-finder, with a copy to the Director, a letter that is substantially similar to the model letter set forth on Attachment J or Attachment K, whichever is applicable).

5. The Municipality acknowledges that the State does not provide Transitional Aid for the purpose of providing health and prescription benefits to part-time elected officials, part-time appointed officials and part-time employees and agrees that it shall eliminate such benefits unless said benefits are contractually required.

Miscellaneous Reporting Requirements

1. The Municipality shall promptly submit to the Director, upon the Director's request, a list of all employees containing their name, salary, title, department or organizational unit, and date of hire, together with information identifying which employees were direct appointments of the Mayor.

2. The Municipality shall promptly notify the Director of all future findings, decisions, penalties, orders and requirements resulting from complaints, investigations, and reports issued by State and Federal regulatory agencies including, but not limited to, the Department of Labor, Civil Service Commission, and the Public Employment Relations Commission.

3. The Municipality shall promptly submit to the Director a copy of all judgments or settlements in excess of $100,000 rendered or executed on and after the date of this Memorandum. The Director may, at the Director's discretion, request copies of any other judgments or settlements involving the Municipality or its employees regardless of the date of same.

4. The Municipality shall immediately provide the Director with a copy of any complaint filed with the Superior Court or the Government Records Council against the Municipality or its officers with respect to a request for government records.

5. The Municipality shall make available to the Director, upon the Director's request, any of the Municipality's records, including but not limited to: bill lists, vouchers, active litigation files, etc.

6. The Municipality shall maintain a list of all waiver approvals and make it available to the Director, upon the Director's request and shall contain the information provided in Attachment (N).

Meeting Requirements

The Municipality's representatives shall meet with the Director or his staff at a time scheduled by the Director, to discuss budgetary, fiscal, operations and any other matters.

The State Fiscal Oversight Officer, as designated by the Director, may contact the Municipality to schedule meetings with the Auditor, Chief Financial Officer and the Mayor and/or designee to discuss the latest audit findings.

Good Faith Exceptions

The Municipality may apply in writing to the Director for a good cause exception of any condition or requirement contained in this Memorandum.

Disbursement of Award

Provided the Legislature has appropriated, and the Governor has approved; sufficient Transitional Aid funding, an amount not to exceed 75% of the applicant's total Transitional Aid award shall be disbursed upon execution of the Memorandum. The balance of Transitional Aid shall be disbursed on a timetable consistent with approval by the Director provided the Municipality is in substantial compliance with this Memorandum and all laws, regulations, Local Finance Notices, and any government, administrative and operational efficiency, and oversight measures necessary for the fiscal recovery of the Municipality as the Director may order from time to time pursuant to the State Budget or any other law. Other than purposeful withholding of

funds due to non-compliance with this Memorandum, all moneys will be transferred by year end. The Municipality may be deemed not to be in substantial compliance if it has hired personnel without appropriate approvals or otherwise knowingly violates any provision of the Memorandum. Additionally, the Municipality may be deemed not to be in substantial compliance if the Municipality or its officials have failed to attend meetings or produce documents as directed by DLGS.

DLGS may, at its sole discretion, withhold funds from the final payment, where the Municipality is in substantial compliance, but has otherwise violated certain terms of the Memorandum. For example, in addition to any other sanctions, DLGS may withhold aid in an amount equal to no less than the amount of funds expended in support of hires or activities not approved in strict compliance with the terms and timeframes set forth in this Memorandum.

Duration

The provisions of the Memorandum shall remain in force and effect until a successor MOU is executed. Provided, however, if the Municipality adopts a budget for CY 2016 that leaves a structural imbalance heading into 2017 that is greater than 5% of their levy as determined by the Director, the Memorandum shall remain in force and effect until such time as a budget is adopted for 2017 or a subsequent year that is free of such a structural imbalance in the sole discretion of the Director. The Director's determination to extend the provisions of the MOU can be appealed to the Local Finance Board, but the Director's decision shall remain final unless and until a majority of appointed members vote to overturn the Director's decision. If the Municipality adopts a budget for Fiscal Year 2016 that does not rely on Transitional Aid, the State may offer early termination.

Governing Body Acknowledgement

The Municipal Governing Body shall review this Memorandum and approve a resolution stating its awareness and acknowledging its contents.

		General Management - GM	
[redacted]	Yes	Sharing services has been promoted for many years as a means to control costs. In addition to sharing resources such as labor, facilities and equipment with a county or with neighboring communities, shared services include similar agreements with school boards, independent authorities and fire districts. Shared services do not include cooperative purchasing, cooperative pricing or commodity resale agreements. Did your municipality actively negotiate (i.e. meet with representatives from a neighboring town, your county or another local unit) and/or enter into at least one new shared service agreement, or actively negotiate or enter into the renewal of at least one existing shared service agreement, in the preceding year?	
2	Yes	If a final judgment has been entered against the municipality and there is no further adjudication, or if the municipality reaches a final settlement, has your municipality satisfied its obligations under a final judgment or settlement in a timely fashion pursuant to their terms (e.g. tax appeals, tort claims, contractual disputes)? This question cannot be answered "Yes" if your municipality has satisfied a judgment or settlement but additional interest and/or other penalties have been imposed as a result of noncompliance with the terms thereof. This question does not apply to claims adjudicated or settled by the municipality's JIF or insurance carrier.	
[redacted]	Yes	Has your municipality adopted a vehicle use policy prohibiting personal use of municipal vehicles (except for commuting), and providing that employees authorized to use such vehicles for commuting to/from work have a fringe benefit value added to the gross income reported on the employee's W-2 (unless the vehicle meets the "qualified non-personal vehicle" criteria specified by the IRS)? **Only answer "N/A" if your municipality does not have any municipally-owned vehicles.**	
[redacted]	Yes	Has the appropriate administrative official reviewed the State Comptroller's June 25, 2013 Report on local government legal fees, and does your municipality follow the best practices outlined in the checklist annexed as an Appendix to the report?

[redacted]	Yes	Does your municipality maintain an up-to-date municipal website containing at minimum the following: past three years adopted budgets; the current year's proposed budget (including the full adopted budget for the current year when approved by the governing body); most recent annual financial statement and audits; notification(s) for solicitation of bids and RFPs; and meeting dates, minutes and agendas for the governing body, planning board, board of adjustment and all commissions?	
[redacted]	No	Does your municipality require its elected officials to attend on an annual basis at least one instructional course covering the responsibilities and obligations of elected officials (for example: ethics, municipal finance, labor relations, risk management, shared services, purchasing, land use administration, personnel, technology etcetera)? This item may be satisfied either through a course approved for continuing education credit by DLGS, or in-house education provided by a professional, vendor or staff member (provided they have significant expertise in their profession and routinely prepare public presentations).	
[redacted]	Yes	With regard to your municipality's collective bargaining agreements that replaced contracts expiring on or after 1/1/11, is the overall impact of the aggregate economic costs limited to an average increase of 2% or less per year over the contract term?	
[redacted]	N/A	A municipality's participation in FEMA's National Flood Insurance Program Community Rating System can lead to significant flood insurance premium reductions for its homeowners. An explanation of the program may be found on FEMA's website at http://www.fema.gov/national-flood-insurance-program/national-flood-insurance-program-community-rating-system, and more information on how the NJDEP's statewide CRS coordinator can assist with improving your rating can be found at http://www.nj.gov/dep/floodcontrol/about.htm. 10	Yes	The Local Government Ethics Law, designed to ensure transparency in government, requires local government officers to file Financial Disclosure Forms. Compliance by local elected officials is particularly important. Have all of your local elected officials filed their Financial Disclosure Form in 2015 that covers the 2014 calendar year?	
	No	Many municipalities have created one or more authorities (including fire districts, utilities authorities, redevelopment authorities, housing authorities, port authorities, etc.) to provide greater focus and attention on addressing a public need, or to reduce governing body burdens. While creation of an authority is often appropriate, and many authorities successfully fulfill their missions, authorities with weak membership or insufficient local-level monitoring can become wasteful, inefficient and unresponsive to the public they serve. N.J.S.A. 40A:5A-20 allows a local governing body to dissolve an authority subject to certain parameters and with Local Finance Board approval. Municipalities should at least annually assess the authority or authorities they created and publicly discuss their findings and conclusions. Findings and conclusions should address whether the authority's continued existence is appropriate, and whether the authority is appropriately and efficiently serving its residents. Does the governing body meet at least once annually to discuss an assessment of the authority or authorities they have created?

		Finance & Audit - FA	
[redacted] 12	Yes	Internal accounting control processes, procedures and authorizations are designed to safeguard assets and to limit the risk of loss or misstatement. 1) Are internal accounting control processes, procedures and authorizations documented and communicated to staff; and 2) Does your Administrator/Manager or CFO, as appropriate, evaluate and discuss risk assessment annually with your governing body or an appropriate subcommittee thereof (such as the Audit or Finance Committee) with a focus on developing and updating accounting control processes, procedures and authorizations? **If you selected "yes", please state in the Comment section in the approximate date of the discussion and whether the discussion was with the governing body or, if with a subcommittee thereof, name the subcommittee.**	5/10/16 at the regular council meeting
13	Yes	In Local Finance Notice 2007-5, the Division issued guidance concerning the collection and accounting of fees by mayors for the performance of marriage and civil union ceremonies. If your municipality's mayor collects fees for performing weddings and civil unions, are the guidelines on pages 2 and 3 of LFN 2007-5 being followed?	
[redacted] 14	Yes	Does your municipality have a Finance Committee (or equivalent) made up of one or more members of the governing body and other appropriate personnel, as may be needed, that meets at least quarterly and discusses all significant financial issues? **If you answer "Yes", phrase state in the Comment section the approximate date of your municipality's most recent Finance Committee meeting.**	
[redacted]	No	Audit findings address areas needing improvement. Ignoring these findings devalues the process; therefore, municipalities should correct noted deficiencies. Have all audit findings from the 2013 audit been 1) identified in the corrective action plan and 2) addressed such that they are not repeated in the 2014 audit? **If the answer is no, please list the repeat findings in the comments section. Only answer "N/A" if there were no audit findings in 2013. If your municipality wishes to appeal the result of this question, the Director shall determine based on the comment(s) whether the finding(s) is/are sufficiently material to warrant a "no" answer.**	**Findings 2015;1-5 and 9 are repeat findings**

[redacted] 16	Yes	The CFO should be capable of preparing the annual financial statement, annual debt statement and budget schedules. Excessive auditor assistance on these documents could create a perception that the auditor is not truly independent of the client in auditing the client's financial statements. At a minimum, each CFO should prepare balanced and reconciled financial records including books of original entry, general ledgers, subsidiary ledgers and other computer reports that accurately analyze and reflect the municipality's financial position. These records should have sufficient detail for an accountant with sufficient knowledge of New Jersey's municipal accounting system to extract information necessary to prepare financial and debt statements. This requires that, within acceptable tolerance, all financial transactions (cash and non-cash) be posted in the general ledger and that all general ledger accounts be supported by subsidiary ledgers, reports, reconciliations or are otherwise analyzed. A "yes" answer is appropriate if 1) your CFO prepares the annual financial statement, annual debt statement and annual budget, or 2) your CFO presents balanced and reconciled financial records, or 3) you are retaining outside assistance to do so from an individual or entity separate from your municipality's audit firm. *Please note that item #2 cannot count as a "yes" answer if the Report of Audit contains comments and recommendations regarding the General Ledger or Cash Account balances not being reconciled.*	
[redacted]	Yes	Grant programs can create a significant burden on a municipality's cash flow if program expenses are either not timely reimbursed or are charged to other operating accounts instead of to the grant. Are all grant revenues, along with their corresponding appropriations, reviewed at least quarterly to determine that all program expenses have 1) been filed for reimbursement and 2) have been properly charged to the grant, with follow up communication to grantor agencies in instances where payments are delayed?

[redacted]	No	N.J.S.A. 40A:5-4 requires municipalities to complete their annual audit for the preceding fiscal year within 6 months after the close of its fiscal year. Further, N.J.S.A. 40A:5-6 requires the municipality's auditor to submit a certified duplicate copy of the audit report and recommendations with the Division within 5 days after filing the original with the municipal clerk. Has your municipality received its completed audit for the preceding fiscal year within the statutory timeframe, and confirmed that your auditor has filed a certified duplicate copy of the audit report with the Division? **You may only answer this question "N/A" if the Director expressly granted an extension in response to a governing body resolution petitioning for same.**	
[redacted]	Yes	For its most recent audit period completed, has the municipality: 1) not had findings reported in the Schedule of Findings and Questioned Costs related to potential or actual questioned costs; or 2) not accrued a liability or made payment to a grantor for questioned costs or disallowed expenditures; or 3) not been notified of an amount that must be refunded to a grantor as a result of a contract audit or for any other reason?

	Answer	**Question**	**Comments**
	Yes	Local Finance Notice 2014-09 contains important information about the need for municipalities that have certain outstanding debt to abide by requirements to annually disclose certain information with respect to financial conditions. The continuing financial disclosure obligations are required by federal law and local agreements executed as part of past issuances of debt. Failure to comply can result in penalties against local governments and individual officers responsible for various filings. Failure to comply can also result in a lack of access to capital markets. Has your CFO done all of the following: (1) reviewed Local Finance Notice 2014-09; and (2) undertaken, or caused to be undertaken, a review of past compliance with such requirements?	
	Yes	Is your municipality up to date and fully compliant with continuing disclosure obligations as discussed in the previous question?	
		Procurement - P	
23	Yes	Municipalities and their agencies are allowed to prohibit the award of public contracts to business entities that have made certain campaign contributions exceeding $300 and to limit the contributions that the holders of a contract can make during the term of a contract to $300. A model ordinance concerning pay-to-play can be found at http://www.nj.gov/dca/divisions/dlgs/resources/muni_st_docs/ pay_to_play_ordinance-contractor.doc. Has your municipality adopted a pay-to-play ordinance pursuant to N.J.S.A. 40A:11-51 that is more restrictive than state statutory requirements?	
24	Yes	Pursuant to N.J.S.A. 52:15C-10(a), municipalities (among other government entities) must notify the State Comptroller within no later than 20 business days of awarding most contracts greater than $2 million but less than $10 million. For contracts $10 million or more, N.J.S.A. 52:15C-10(b) requires written notification to the State Comptroller of any negotiation or solicitation no later than 30 days before advertisement; from which point the State Comptroller has 30 days to approve the procurement moving forward unless said period is waived. Further information on the law and applicable forms is available on the State Comptroller's website. Did your municipality comply with the notice and approval provisions of N.J.S.A. 52:15C-10 in the prior year?

[redacted]	Yes	The Prompt Payment Law, enacted as P.L. 2006 c.96, establishes timing standards for the payment of obligations under a wide range of construction-related contracts. The law seeks to ensure that contractors submitting bills for completed work are paid on a timely, established schedule, and that the full chain of subcontractors receive timely payment from their hiring contractor. Local Finance Notice 2006-21 discusses the law and its impact on local governments. Have your municipality's claim payment procedures been reviewed by legal counsel and appropriate municipal staff to ensure compliance with the Prompt Payment Law?	
[redacted]	Yes	Has your municipality established a chain of command as required by N.J.A.C. 5:34-6.1(b) to ensure appropriate individuals are in place to determine when emergency procurement is necessary, and to ensure that the provisions for emergency purchasing set forth in N.J.S.A. 40A:11-6 are properly implemented?	
[redacted]	Yes	N.J.S.A. 40A:11-5 (a)(i) states that, if a municipality utilizes the professional services exemption from the Local Public Contracts Law, "The governing body shall in each instance state supporting reasons for its action in the resolution awarding each contract and shall forthwith cause to be printed once, in the official newspaper, a brief notice stating the nature, duration, service and amount of the contract, and that the resolution and contract are on file and available for public inspection in the office of the clerk of the [] municipality...". 		Budget Preparation and Presentation - BP	
28	Yes	In preparing your annual budget it is important for both the governing body and public to understand the concept of surplus and how it accumulates (or declines) over the years. A formal policy regarding surplus serves as a basis for decisions concerning future financial solvency, and the lack of a policy could lead bond rating agencies to downgrade your municipality's credit rating. In developing said surplus policy your CFO should analyze and explain at least a five-year trend of surplus; illustrating the factors causing each annual increase or decrease. A surplus policy with realistic and sustainable goals can then be determined. Does your municipality have a written policy goal for the amount of surplus available in support of municipal operations, and is this goal evaluated annually?	
29	Yes	In preparing your annual budget, it is important that the impact that current budgeting decisions may have on future years' budgets be presented, evaluated and considered before the governing body takes final action. Long term plans concerning revenue, appropriations, tax levy, tax levy cap and surplus are critical to sustaining (or achieving) a solid fiscal condition. Are budget projections 1) factoring in the impact that the current year's budget may have on the future tax levy (as restricted by the levy cap) and future surplus balances for at least *two* future year's budgets, and 2) are these budget projections discussed with the governing body?	
	Yes	Certain municipalities have indirectly pledged prompt payment (i.e. issued a guarantee) of debt service with respect to debt issued by counties, independent authorities or developers. Bond Rating Agencies (e.g. Moody's, Fitch, Standard & Poor's) have downgraded certain municipalities' bond ratings to below investment grade for lack of preparation in the event a lender calls in a debt guarantee. If your municipality guarantees any debt, are direct service revenues that may be pledged against debt repayment monitored by the municipal CFO; and to the extent that cash flow from pledged revenue will not satisfy the debt repayment, are sufficient funds held in reserve to satisfy the guarantee or is an existing authorization in place to issue debt (e.g. a bond ordinance) in the event a lender calls in the guarantee?

	N/A	N.J.S.A. 40A:4-5 requires that calendar year municipalities approve their introduced budgets no later than February 10 (or August 10 for state fiscal year municipalities) unless the Director sets forth a later date pursuant to N.J.S.A. 40A:4-5.1. Did your municipality approve its introduced current year budget no later than the date provided by law or as extended by the Director in Local Finance Notice 2014-21? **This question may only be answered N/A if your municipality is under State Supervision.**	
	N/A	N.J.S.A. 40A:4-10 requires that calendar year municipalities adopt their budgets no later than March 20 (or September 20 for state fiscal year municipalities), unless the Director sets forth a later date pursuant to N.J.S.A. 40A:4-5.1. Did your municipality adopt its current year budget no later than the date provided by law or as extended by the Director in Local Finance Notice 2014-21? **This question may only be answered "N/A" if your municipality is under State Supervision, or delayed its budget adoption because it awaited a Division determination concerning a grant award or Transitional Aid award.**	
		Health Insurance - HI	
35	Yes	Does your municipality exclude from healthcare coverage part-time elected and appointed officials (less than 35 hours per week)? **Only answer "yes" if no part-time elected or appointed officials receive health benefits. If your municipality has part-time elected or appointed officials who elect to take State Health Benefits Program (SHBP) health benefits (or receive a waiver for not doing so) by virtue of serving in their position continuously since May 21, 2010, you must answer "No". 	Answer	Question	Comments
	Yes	Does your municipality conduct a monthly review of health benefit covered lives itemized on health insurance invoices to determine that health insurance invoices do not include employees, former employees, spouses or dependents who should no longer be receiving coverage?	
	N/A	Municipalities frequently contract with or designate insurance brokers to secure healthcare coverage from insurance carriers. Brokers are typically paid by third-party administrators (TPA's) hired to collect, review and pay healthcare bills. The municipality pays the TPA, who in turn pays the broker. Broker fees are often directly related to the amount of insurance premiums or fees paid by the municipality (i.e. the higher the premium, the larger the broker's commission). Thus, the municipality-broker-TPA arrangement is vulnerable to abuse because brokers could face conflicting incentives in seeking lower-cost insurance alternatives. If your municipality contracts with or otherwise designates an insurance broker, is the structure for broker payments set at a flat-fee rather than on a commission basis (so as to mitigate the risk of brokers recommending more expensive insurance coverage to earn higher fees)?	
	N/A	The State Health Benefits Program (SHBP) offers medical, prescription and dental coverage options for more than 850,000 participants, including employees, dependents and retirees. All plans have substantial networks of healthcare providers, and provide services nationwide. 62% of municipalities, and 33% of counties, within New Jersey participate in SHBP. If your municipality has non-SHBP coverage, as your collective bargaining agreements come up for renegotiation, do your municipality's negotiation proposals seek contract provisions allowing its employees to be switched to SHBP or another non-SHBP plan of lesser cost?

	Answer	**Question**	**Comments**
	N/A	Prior to municipal officers and employees being required to substantially share in the cost of their health benefits, there was no disincentive to officers and employees accepting coverage even though they had alternative coverage. Many municipalities would offer payments in lieu of health benefits to encourage officers and employees to voluntarily drop coverage, provided they had coverage from another source. The policy often saved money by replacing the expensive cost of providing health care with the less expensive payment in lieu of health benefits. The need to pay officers and employees money to not take a health insurance benefit they can receive from another source has lessened, because the cost of premium sharing will cause officers and employees to drop coverage if alternative coverage is available. Has your governing body had a thorough and adequate discussion about its current policy regarding payments in lieu of health benefits, its impact on the municipal budget, and whether said payments are still warranted? **"N/A" is only applicable where the municipality has a policy of not making payments in lieu of health benefits.**

		Personnel - PE	
40	Yes	The Fair Labor Standards Act (FLSA) is a federal law that establishes minimum wage, overtime pay, recordkeeping, and child labor standards affecting full-time and part-time workers in the private sector and in Federal, State, and local governments. The law requires that overtime pay must be paid for all hours over 40 hours in a work week except for those employees classified as exempt and thus not entitled to overtime. Management employees such as elected officials, managers/administrators, municipal clerks, CFOs, public works superintendents, police chiefs and other department heads are typically classified as having exempt status and thus not entitled to overtime pay. Other municipal employees may also be classified as exempt under the FLSA (you should consult with labor counsel for more detailed guidance). Does your municipality refrain from paying overtime to employees who are classified as exempt under the FLSA? *In answering this question, be aware that exempt status would also preclude overtime pay for time worked during emergencies, attendance at night meetings, participation in training sessions, and police "off-duty" assignments (a/k/a "Jobs in Blue"). Also, please note that compensated leave time in lieu of cash payments is considered to be a form of overtime pay unless such leave is utilized in the same pay period.*	
	Yes	N.J.S.A. 34:13A-8.2 requires public employers, including municipalities, to file with the Public Employment Relations Commission (PERC) a copy of all contracts negotiated with public employee representatives. This includes, but is not limited to, collective bargaining agreements, memoranda of understanding, contract amendments, and "side letter" or "side bar" agreements. Copies of same may be emailed to contracts@perc.state.nj.us. Has your municipality filed all current contracts with PERC?

43	Yes	Accurate records of employee time are critical not only for financial accountability, but also effective management of your workforce. Is your municipality ensuring that 1) employees complete and file standardized forms, either electronically or by paper, to verify all employee time worked (e.g. time cards, electronic time keeping); 2) your personnel/human resources office maintains records accounting for all employee leave time earned and used; and 3) supervisors are reviewing and approving/denying employee time and attendance documentation before those records are submitted to management and, in the case of department heads, is such documentation reviewed and verified independently?	
	N/A	Has your municipality instituted a policy to not compensate employees for sick leave accumulated after a certain date?	
45	Yes	Does your municipality have a transitional duty program (light duty) to encourage employees out on workers compensation to return to work?	
46	Yes	The State Workers Compensation Law provides that, when an employee receives a work-related injury producing temporary disability, the employee is entitiled to wage-continuation equal to 70% of the employee's weekly wages, subject to a maximum compensation as determined by the Commissioner of Labor. Does your municipality limit benefits for work-related injuries to the above statutory benefit? 47	Yes	The weekly benefit rate provided under the State Temporary Disability Law for a non-work-related injury is calculated on the basis of claimant's average weekly wage. Each claimant is paid 2/3 of their average weekly wage up to the maximum amount payable, which is $604 for disabilities beginning on or after 1/1/15. Does your municipality refrain from supplementing the Temporary Disability benefit? The answer to this question can be "prospective" if such a provision was imposed by an arbitrator in binding arbitration but the municipality is seeking to eliminate such a contractual obligation through collective bargaining. **Only answer "N/A" if your municipality does not participate in the State Temporary Disability Program.**	
48	Yes	Has your municipality adopted an ordinance, resolution, regulation or policy eliminating longevity awards, bonuses or payments for non-union employees?	
49	Yes	For any employees covered by a collective bargaining agreement, has your municipality eliminated longevity awards, bonuses or payments for employees hired on or after a specified date, and refrained from increasing longevity awards, bonuses or payments for employees hired before a specified date? The answer to this question can be "prospective" if such provisions were imposed by an arbitrator in binding arbitration but the municipality is seeking to eliminate such a contractual obligation through collective bargaining.	
50	No	Employee personnel manuals or handbooks serve as a valuable tool to convey a municipality's policies, procedures and benefits. Many insurance carriers encourage the adoption of such a document and offer discounted rates for their use. These publications should review employees' rights and obligations in areas ranging from discrimination, safety, violence, and harassment to vacation and sick days, holidays, use of township vehicles, smoking and political activity, among others. Has your municipality adopted or updated an employee personnel manual/handbook by resolution or ordinance within the last five years? **If yes, please provide in the Comments section the date of the meeting during which the personnel manual was adopted.**

Glenn,

Can you tell me when we might receive the plan approval letter or suggested modifications as a condition of approval? Our renovations/repairs are on hold until we get the letter and the City will not release the funds without it. I will be requesting an extension to complete the project by August in advance of our museum "Grand Opening" in September.

Thank you for your consideration.

Barbara,

Attached please find the New Jersey Historic Trust's approval letter for the CSMM Maritime Hall Repair Project. CSMM will comply with all of the provisions outlined in the letter from Glenn Ceponis. As discussed, this letter shall enable CSMM to comply with Dr. William's request for an "environmental review". At this time CSMM requests that the CDBG project funds be released in order for us to begin the construction. Also, CSMM request's a project completion extension through August 31, 2016 due to unforeseen planning and compliance delays.

Thank you for your consideration.

Glenn,

Can you tell me when we might receive the plan approval letter or suggested modifications as a condition of approval? Our renovations/repairs are on hold until we get the letter and the City will not release the funds without it. I will be requesting an extension to complete the project by August in advance of our museum "Grand Opening" in September.

Thank you for your consideration.

Re: NJHT Easement – Plan Review, Maritime Hall

Dear Dr. Byrne,

Thank you for your recent submission of architectural plans for repairs to the former Sanctuary, currently Maritime Hall. I have reviewed the plans prepared by Metcalfe Architecture & Design received at the Historic Trust Office via email on 3 March 2016. Specifically, I have reviewed the plans as they pertain to the terms of the preservation easement and the *Secretary of Interior Standards* and provide the following comments.

In the "New Work Keynote" or the "New Work General Notes" please add language, that all work must meet the *Secretary of Interior Standards for Rehabilitation*. Below please find comments for specific keynotes.

01 – per our discussion at my site visit the wire window screening should be a dark color to be most effective. It should also match the color of the window frames to be most effective. Please note it should not match the current non-historic blue color of the window frames.

02 – while I agree repair of the door is appropriate, I will need to review the more detailed plan and specification detailing how the door is to be repaired. Likewise, I will need to review the hardware choice for appropriateness when it is determined.

03 – while I agree with patching and repairing in this instance, I will need to review the detail plans and specification on how the door is to be patched and repaired.

06 – while I have approved the concept of new HVAC system I will need to review plans and specification to ensure they meet the *Secretary of Interior Standards*. See also #23.

07 – I need detailed plans for the proposed BILCO door prior to approval.

09 – per our discussion at my site visit it was my understanding that the trusses would be cleaned and remain stained versus painted. The trusses are character defining and should reflect its historic appearance. Please confirm.

13 - per our discussion at my site visit it was my understanding that the wainscoting would be cleaned and remain stained versus painted. The wainscoting is character defining and should reflect its historic appearance. Please confirm.

18 – I do not see an 18 on my drawing, please clarify.

21 – I need to have more detail regarding the required penetrations prior to my comment.

23 – I need to know the size and specific location of the condensing unit (sketch plan) prior to my comment.

24 – Is there an existing door in this opening? If so, can it be saved or at least fixed in place?

Please let me know if you have any questions regarding my comments, I look forward to working with you on this project as it moves forward.

Sincerely,

Glenn Ceponis

Please process the requisition, target for PRC approval prior to City Council's April 12, 2016 meeting. Let's try to place on PRC's Tuesday, March 15 2016 meeting

I reviewed the attached State Contracts with LexisNexis and the services provided thereunder don't match up with the online legal research services for the City Attorney's proposed Lexis/Nexis contract. The State Contract is primarily for personal and business records searches (e.g.., skip trace, criminal and property records).

A portion of the City's proposed LexisNexis contract does include personal records searches, but that's not the predominant service. Thus, procurement under State Contract bid exception would not be appropriate here. (NOTE: the LexisNexis State Contract services are similar to the LexisNexis contract services currently used by the Tax Collector and ACA Banks-Spearman—that City contract can continue to be excepted from public bid as it is under the State Contract.)

The proper exception to public bidding for the City's proposed LexisNexis contract is N.J.S.A. 40A:11-5(1)(q): Library and educational goods and services. The online legal research databases and law practice reference materials add to, supplement and/or replace the City Attorney's hardcopy legal reference books in the Law Library.

The current Westlaw contract was in a prior year approved under this bid exception (see attached Resolution).

Fyi. I spoke to the City Attorney and he and staff are supportive of changing services to LexisNexis. The Office is currently using free trial passwords to try out the online services.

Per my previous email I copied you on, the Westlaw services contract expired Dec. 31, 2015. I have a binder proposal from LexisNexis listing services and database plan offered to City + pricing—it's too big to email. As we discussed, LexisNexis has a State contract. To date, Westlaw has not provided me a price quote as I requested 2 times. Westlaw's current services plan rate is $3,458.15 and is benchmark for my potential savings calculations below.

Please advise me what you'll need from Law Department to process this contract for approval at City Council's April 12, 2016 meeting. Thanks.

See attached proposed Lexis/Nexis contract. The Proposal Binder listing services and databases is too big to email.

Proposed Lexis/Nexis 3-year plan: $1,821.00 per month yr 1; $1,875.63 per month yr 2; and $1,931.89 per month yr 3. Aforesaid would include undeterminable ancillary charges—likely minimal due to substantial and comprehensiveness of proposed plan and included databases.

Westlaw current pricing level (3rd year): $3,458.15 per month + ancillary charges

Savings would be roughly $1,600 per month * 12 = $19,200 saved per year * 3 = $57,600 savings over life of contract

RESOLUTION EXHIBIT A

Proposed Ordinance –
Private Storm Drain Inlet Retrofitting Ordinance
(Based on NJDEP Model Ordinance)

SECTION I. Purpose:

An ordinance requiring the retrofitting of existing storm drain inlets which are in direct contact with repaving, repairing, reconstruction, or resurfacing or alterations of facilities on private property, to prevent the discharge of solids and floatables (such as plastic bottles, cans, food wrappers and other litter) to the municipal separate storm sewer system(s) operated by the **[insert name of municipality]** so as to protect public health, safety and welfare, and to prescribe penalties for the failure to comply.

SECTION II. Definitions:

For the purpose of this ordinance, the following terms, phrases, words, and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

a. Municipal separate storm sewer system (MS4)– a conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, manmade channels, or storm drains) that is owned or operated by [insert name of municipality] or other public body, and is designed and used for collecting and conveying stormwater. **NOTE:** In municipalities with combined sewer systems, add the following: "MS4s do not include combined sewer systems, which are sewer systems that are designed to carry sanitary sewage at all times and to collect and transport stormwater from streets and other sources."

b. Person – any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.

c. Storm drain inlet- an opening in a storm drain used to collect stormwater runoff and includes, but is not limited to, a grate inlet, curb-opening inlet, slotted inlet, and combination inlet.

d. Waters of the State – means the ocean and its estuaries, all springs, streams and bodies of surface or ground water, whether natural or artificial, within the boundaries of the State of New Jersey or subject to its jurisdiction.

SECTION III. Prohibited Conduct:

No person in control of private property (except a residential lot with one single family house) shall authorize the repaving, repairing (excluding the repair of individual potholes), resurfacing (including top coating or chip sealing with asphalt emulsion or a thin base of hot bitumen), reconstructing or altering any surface that is in direct contact with an existing storm drain inlet on that property unless the storm drain inlet either:

1. Already meets the design standard below to control passage of solid and floatable materials; or

2. Is retrofitted or replaced to meet the standard in Section IV below prior to the completion of the project.

SECTION IV. Design Standard:

Storm drain inlets identified in Section III above shall comply with the following standard to control passage of solid and floatable materials through storm drain inlets. For

purposes of this paragraph, "solid and floatable materials" means sediment, debris, trash, and other floating, suspended, or settleable solids. For exemptions to this standard see Section IV.3 below.

1. Design engineers shall use either of the following grates whenever they use a grate in pavement or another ground surface to collect stormwater from that surface into a storm drain or surface water body under that grate:

   a. The New Jersey Department of Transportation (NJDOT) bicycle safe grate, which is described in Chapter 2.4 of the NJDOT Bicycle Compatible Roadways and Bikeways Planning and Design Guidelines (April 1996); or

   b. A different grate, if each individual clear space in that grate has an area of no more than seven (7.0) square inches, or is no greater than 0.5 inches across the smallest dimension.

   Examples of grates subject to this standard include grates in grate inlets, the grate portion (non-curb-opening portion) of combination inlets, grates on storm sewer manholes, ditch grates, trench grates, and grates of spacer bars in slotted drains. Examples of ground surfaces include surfaces of roads (including bridges), driveways, parking areas, bikeways, plazas, sidewalks, lawns, fields, open channels, and stormwater basin floors.

2. Whenever design engineers use a curb-opening inlet, the clear space in that curb opening (or each individual clear space, if the curb opening has two or more clear spaces) shall have an area of no more than seven (7.0) square inches, or be no greater than two (2.0) inches across the smallest dimension.

3. This standard does not apply:
   a. Where the municipal engineer agrees that this standard would cause inadequate hydraulic performance that could not practicably be overcome by using additional or larger storm drain inlets that meet these standards;

   b. Where flows are conveyed through any device (e.g., end of pipe netting facility, manufactured treatment device, or a catch basin hood) that is designed, at a minimum, to prevent delivery of all solid and floatable materials that could not pass through one of the following:

      i. A rectangular space four and five-eighths inches long and one and one-half inches wide (this option does not apply for outfall netting facilities); or

      ii. A bar screen having a bar spacing of 0.5 inches.

   c. Where flows are conveyed through a trash rack that has parallel bars with one-inch (1") spacing between the bars; or

   d. Where the New Jersey Department of Environmental Protection determines, pursuant to the New Jersey Register of Historic Places Rules at N.J.A.C. 7:4-7.2(c), that action to meet this standard is an undertaking that constitutes an encroachment or will damage or destroy the New Jersey Register listed historic property.

SECTION V. Enforcement:
This ordinance shall be enforced by the Department of Public Works of the City of Camden and all other pertinent City departments, their officials, employees, and authorized representatives.

SECTION VI. Penalties:
Unless otherwise provided in this Chapter, penalties against persons violating the provisions of this article shall be imposed in accordance with the provisions of §1-16A.

SECTION VII. Severability:
Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

SECTION VIII. Effective date:
This Ordinance shall be in full force and effect from and after its adoption and any publication as may be required by law.

Re: **Administrative Docket No. CWA-02-2015-3006**
City of Camden Municipal Separate Storm Sewer System ("MS4")
NJPDES ID No. NJG0153338

Dear Mr. Riondino:

On December 22, 2015, the United States Environmental Protection Agency ("EPA") received the City of Camden's ("City") electronic correspondence which provided an update on the City's activities undertaken to address Ordered Provisions C.2.h, C.2.j, and C.2.k of the above referenced Administrative Compliance Order ("ACO"). In addition, the EPA received the City's bi-monthly progress report in accordance with Ordered Provision C.2.n via electronic mail on December 24, 2015. In addition to receipt of the electronic submittals, the EPA also received a hard copy of the respective submittals on December 29, 2015 and December 30, 2015. The EPA has reviewed the City's submittals and our response is summarized below and numbered according to the associated Ordered Provisions in CWA-02-2015-3006.

C.2.h Develop and submit to EPA and NJDEP a written program documenting the City's illicit connection detection and elimination program which should include the procedures identified in Attachment B of the Permit. Program to be implemented upon EPA approval.

The City stated that an illicit connection ordinance ("Illicit Connection Ordinance") exists as it was adopted on December 14, 2010 (copy of said ordinance was included with submittal). However, upon review of the ordinance, the City noted that there was no amount inserted in the penalties section. The City plans to submit an ordinance at its January 12, 2016 meeting for adoption making express reference to Section 1-16 which conforms with the State law provisions setting parameters for fines that can be imposed by a locality for violations of a municipal ordinance, which are not stated in other statutes.

On January 12, 2016, Mr. Jason Asuncion, Assistant City Attorney for the City of Camden, forwarded Ms. Christy Arvizu of the EPA a copy of the resolution (R-52) to refer the proposed ordinance amendments to the City Planning Board for their review.

In addition, the City stated that there is no specific illicit connection detection and elimination program described in its ordinance. As noted in the City's December 21, 2015 extension request to the EPA, the City provided a detailed explanation for its request and provided an update to the activities it had completed so far toward compliance. The EPA granted the City's request on

December 22, 2015 and looks forward to receiving the City's illicit connection detection and elimination program on February 1, 2016.

EPA Response: Pending

The EPA looks forward to receipt of the City's proposed illicit connection detection and elimination program on February 1, 2016.

Please also keep the EPA informed regarding the City's progress in revising the aforementioned ordinance.

C.2.j Adopt and implement a municipal stormwater control ordinance in accordance with N.J.A.C. 7:8-4 as required by Part I.F.3.a.ii of the Permit, and in accordance with Public Notice Requirements, as described in Part I.F.2.a of the Permit.

The City stated that a municipal stormwater control ordinance ("Stormwater Control Ordinance") exists as it was adopted on December 14, 2010 (copy of said ordinance was included with submittal). However, upon review of the ordinance, the City noted that was no penalties section. The City plans to submit an ordinance at its January 12, 2016 meeting for adoption making express reference to Section 1-16 which conforms with the State law provisions setting parameters for fines that can be imposed by a locality for violations of a municipal ordinance, which are not stated in other statutes. In addition, the City plans to make additional corrections and revisions to the ordinance to comport with the model ordinance.

On January 12, 2016, Mr. Jason Asuncion, Assistant City Attorney for the City of Camden, forwarded Ms. Christy Arvizu of the EPA a copy of the resolution (R-52) to refer the proposed ordinance amendments to the City Planning Board for their review.

EPA Response: Complete once ordinance revisions are adopted

Please keep the EPA informed regarding the City's progress in revising the aforementioned ordinance.

C.2.k Adopt and enforce a Private Storm Drain Retrofitting ordinance as required by Part I.F.5.h of the Permit, and in accordance with Public Notice Requirements, as described in Part I.F.2.a of the Permit.

The City stated that its "Improper Disposal of Waste Ordinance" substantially contains the language in the relevant New Jersey Department of Environmental Protection ("NJDEP") model ordinance and was adopted on December 14, 2010 (copy of said ordinance was included with submittal). In addition, the City also forwarded specific references to citations that were consistent with the model ordinance (e.g. Section 577-229 and N.J.A.C. 5:21-7.4).

The City also stated that upon review of the ordinance, it noted that there was no amount inserted in the penalties section. The City plans to submit an ordinance at its January 12, 2016 meeting for adoption making express reference to Section 1-16 which conforms with the State law provisions setting parameters for fines that can be imposed by a locality for violations of a

municipal ordinance, which are not stated in other statutes. In addition, the City plans to make additional corrections and revisions to the ordinance to comport with the model ordinance.

On January 12, 2016, Mr. Jason Asuncion, Assistant City Attorney for the City of Camden, forwarded Ms. Christy Arvizu of the EPA a copy of the resolution (R-52) to refer the proposed ordinance amendments to the City Planning Board for their review.

EPA Response: Incomplete

Upon review of the "Improper Disposal of Waste Ordinance" and the specific references included (e.g. Section 577-229 and N.J.A.C. 5:21-7.4), the EPA has determined that it is not consistent with the language in the NJDEP model ordinance which is available at http://www.nj.gov/dep/dwq/pdf/final_private_retrofitting_ordinance.pdf and is also enclosed. The EPA has determined it is not consistent because it does not have the following sections that are consistent with or equivalent to the model ordinance: purpose, definitions, enforcement, penalties and severability section. The City's "Improper Disposal of Waste Ordinance" and "Illicit Connection Ordinance" both contain these sections as illustrated in the NJDEP model ordinance.

As the City stated in its submittal, it was planning to make additional corrections and revisions to the ordinance to conform with the model ordinance, the EPA hopes that the City's planned changes incorporate the above comments. If not, the City will need to adopt language consistent with the model ordinance and inform the EPA of the steps it has taken or will be taking to ensure consistency.

C.2.n Submit bi-monthly progress reports to EPA and NJDEP outlining all activities undertaken and costs associated with compliance with this Order until final compliance is achieved.

The City forwarded a detailed narrative summary of all activities undertaken so far and the planned tasks for each.

EPA Response: Generally complete, for the second bi-monthly reporting period.

The EPA thanks the City for providing the detailed narrative summary of all activities conducted so far and upcoming activities. However, the City needs to document associated compliance costs (e.g. capital expenditure, labor / manpower, etc.) to date for each ordered provision. The EPA looks forward to receiving this data with the City's next progress report due on February 29, 2016.

The EPA looks forward to receiving the City's response to each of the items requiring additional information by **February 12, 2016.**

If you have any questions regarding this letter, please contact Christy Arvizu at (212) 637-3961 or via email at arvizu.christy@epa.gov.

As the City stated in its submittal, it was planning to make additional corrections and revisions to the ordinance to conform with the model ordinance, the EPA hopes that the City's planned changes incorporate the above comments. If not, the City will need to adopt language consistent with the model ordinance and inform the EPA of the steps it has taken or will be taking to ensure consistency.

C.2.n Submit bi-monthly progress reports to EPA and NJDEP outlining all activities undertaken and costs associated with compliance with this Order until final compliance is achieved.

The City forwarded a detailed narrative summary of all activities undertaken so far and the planned tasks for each.

EPA Response: Generally complete, for the second bi-monthly reporting period.

The EPA thanks the City for providing the detailed narrative summary of all activities conducted so far and upcoming activities. However, the City needs to document associated compliance costs (e.g. capital expenditure, labor / manpower, etc.) to date for each ordered provision. The EPA looks forward to receiving this data with the City's next progress report due on February 29, 2016.

The EPA looks forward to receiving the City's response to each of the items requiring additional information by **February 12, 2016.**

Model Ordinance – Private Storm Drain Inlet Retrofitting

Ordinance # [ ] – Private Storm Drain Inlet Retrofitting Ordinance

SECTION I. Purpose:

An ordinance requiring the retrofitting of existing storm drain inlets which are in direct contact with repaving, repairing, reconstruction, or resurfacing or alterations of facilities on private property, to prevent the discharge of solids and floatables (such as plastic bottles, cans, food wrappers and other litter) to the municipal separate storm sewer system(s) operated by the **[insert name of municipality]** so as to protect public health, safety and welfare, and to prescribe penalties for the failure to comply.

SECTION II. Definitions:

For the purpose of this ordinance, the following terms, phrases, words, and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

a. Municipal separate storm sewer system (MS4)– a conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, manmade channels, or storm drains) that is owned or operated by [insert name of municipality] or other public body, and is designed and used for collecting and conveying stormwater. **NOTE:** In municipalities with combined sewer systems, add the following: "MS4s do not include combined sewer systems, which are sewer systems that are designed to carry sanitary sewage at all times and to collect and transport stormwater from streets and other sources."

b. Person – any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.

c. Storm drain inlet- an opening in a storm drain used to collect stormwater runoff and includes, but is not limited to, a grate inlet, curb-opening inlet, slotted inlet, and combination inlet.

d. Waters of the State – means the ocean and its estuaries, all springs, streams and bodies of surface or ground water, whether natural or artificial, within the boundaries of the State of New Jersey or subject to its jurisdiction.

SECTION III. Prohibited Conduct:

No person in control of private property (except a residential lot with one single family house) shall authorize the repaving, repairing (excluding the repair of individual potholes),

resurfacing (including top coating or chip sealing with asphalt emulsion or a thin base of hot bitumen), reconstructing or altering any surface that is in direct contact with an existing storm drain inlet on that property unless the storm drain inlet either:

1. Already meets the design standard below to control passage of solid and floatable materials; or

2. Is retrofitted or replaced to meet the standard in Section IV below prior to the completion of the project.

SECTION IV. Design Standard:

Storm drain inlets identified in Section III above shall comply with the following standard to control passage of solid and floatable materials through storm drain inlets. For purposes of this paragraph, "solid and floatable materials" means sediment, debris, trash, and other floating, suspended, or settleable solids. For exemptions to this standard see Section V.3 below.

1. Design engineers shall use either of the following grates whenever they use a grate in pavement or another ground surface to collect stormwater from that surface into a storm drain or surface water body under that grate:

   a. The New Jersey Department of Transportation (NJDOT) bicycle safe grate, which is described in Chapter 2.4 of the NJDOT Bicycle Compatible Roadways and Bikeways Planning and Design Guidelines (April 1996); or

   b. A different grate, if each individual clear space in that grate has an area of no more than seven (7.0) square inches, or is no greater than 0.5 inches across the smallest dimension.

   Examples of grates subject to this standard include grates in grate inlets, the grate portion (non-curb-opening portion) of combination inlets, grates on storm sewer manholes, ditch grates, trench grates, and grates of spacer bars in slotted drains. Examples of ground surfaces include surfaces of roads (including bridges), driveways, parking areas, bikeways, plazas, sidewalks, lawns, fields, open channels, and stormwater basin floors.

2. Whenever design engineers use a curb-opening inlet, the clear space in that curb opening (or each individual clear space, if the curb opening has two or more clear spaces) shall have an area of no more than seven (7.0) square inches, or be no greater than two (2.0) inches across the smallest dimension.

3. This standard does not apply:

   a. Where the municipal engineer agrees that this standard would cause inadequate hydraulic performance that could not practicably be overcome by using additional or larger storm drain inlets that meet these standards;

   b. Where flows are conveyed through any device (e.g., end of pipe netting facility, manufactured treatment device, or a catch basin hood) that is designed,

at a minimum, to prevent delivery of all solid and floatable materials that could not pass through one of the following:

i. A rectangular space four and five-eighths inches long and one and one-half inches wide (this option does not apply for outfall netting facilities); or

ii. A bar screen having a bar spacing of 0.5 inches.

c. Where flows are conveyed through a trash rack that has parallel bars with one-inch (1") spacing between the bars; or

d. Where the New Jersey Department of Environmental Protection determines, pursuant to the New Jersey Register of Historic Places Rules at N.J.A.C. 7:4-7.2(c), that action to meet this standard is an undertaking that constitutes an encroachment or will damage or destroy the New Jersey Register listed historic property.

SECTION V. Enforcement:

This ordinance shall be enforced by the **[Police Department and/or other Municipal Officials] of [insert name of municipality]**.

SECTION VI. Penalties:

Any person(s) who is found to be in violation of the provisions of this ordinance shall be subject to a fine not to exceed **[insert amount]** for each storm drain inlet that is not retrofitted to meet the design standard.

SECTION VII. Severability:

Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

SECTION VIII. Effective date:

This Ordinance shall be in full force and effect from and after its adoption and any publication as may be required by law.

Subject: Camden City Painting of Water Tanks C/O No. 2

Thank-you for your submission of c/o no. 2 to the subject project. Before we can complete our review, the following items must be addressed.

1. Please submit all contractor documentation or other documentation (proposals, record of negotiations etc.) related to the c/o. Lump sum costs, although self-controlling, still must be justified and broken down in sufficient detail so that the cost can be determined reasonable and necessary.
2. I am not sure why there are two separate c/o forms prepared for one City awarded c/o by way of Camden City resolution MC-15:4430 dated June 9, 2015.. Please clarify for the record.
3. Once again, I am not sure why the approving City resolution fails to address the additional 37 or 39 calendar day time extension. Please note the c/o form for c/o 2a shows 37 and 39 calendar day extension/increase. Please indicate which extension/increase is correct and what the new contract completion date is as a result of that extension/increase.
4. The change order will be placed in a "on hold" position until the above matter(s) are addressed.

Thank-you all for considering the above.
