**** ADVISORY ****

CAMDEN SERVICES RETURN TO NORMAL AFTER WINTER STORM

CAMDEN, NJ – Mayor Dana L. Redd stresses patience, safety and cooperation of all Camden citizens as the City begins to return to normal operations in the aftermath of Winter Storm Jonas.

"We urge our residents to stay safe and use caution when traveling," said Mayor Dana Redd. "This weekend's record setting winter storm has left large amount of snow throughout our City. The Department of Public Works has been working all weekend to clear the City's main roadways, but there are still challenging conditions along some side streets. We thank everyone for their patience as we continue to dig out from the storm."

"If they haven't done so yet, we ask that residents clear their sidewalks, clear any fire hydrants near their property and cooperate by not shoveling snow back into the roadways. Also, trash will be picked up on a regular schedule but there may be some delays. When placing trash at the curb, please use the appropriate containers. Place your trash receptacles in a location that the employee can get to them while not blocking the traffic right of way."

Many regularly scheduled events including tonight's Congress of Resident, Faith Based and Community Based Organization meeting has been canceled. For questions relating to trash and snow removal residents can contact the Department of Public Works at **(856) 757-7132** or **(856) 757-7139**. For additional information relating to City services, individuals can call **(856) 757-7000** or go to the City of Camden website at www.ci.camden.nj.us
