

Stay Safe and Connected During Winter Storm

We urge you to be cautious during and after the storm:

- **To prevent carbon monoxide poisoning**, do not run any gasoline powered engine, including generators and snowblowers, in a garage or any other enclosed space.
- **Downed wires should always be considered “live.”** Do not approach or drive over a downed line and do not touch anything that it might be in contact with.

Stay Connected

- To report downed wires or power outages, call PSE&G’s Customer Service line at 1-800-436-PSEG.
- Report outages by logging into *My Account* at pseg.com or by texting “OUT” to 4PSEG (47734). To receive outage updates by text and/or email, sign up for *MyAlerts* at pseg.com/myalerts
- Our mobile-friendly website includes an “Outage Map” that is updated every 15 minutes and displays the location and status of power outages in PSE&G’s service area.
