

WATER MAIN FLUSHING PLANNED IN CAMDEN

Each year, the City of Camden flushes its water distribution (pipeline) system to help ensure that our customers continue to receive high-quality water service.

FLUSHING SCHEDULE

American Water, the City's contracted water service provider, will be conducting fire hydrant flushing for approximately 12 weeks beginning the week of September 11, 2023 during the hours of 8 a.m. to 4 p.m.

WHY WE FLUSH

Flushing helps us to clean out any build up of mineral deposits and sediment inside the pipes. These harmless deposits can occur when water service demands are reduced during the winter months. It also allows us to use the hydrants to make sure they are operational and to check fire flows.

WHAT TO EXPECT

When crews are in the area, you may experience a drop in water pressure or discolored water. If discolored water occurs, let the **cold water** run until it is clear.

HOW TO PREPARE

- Draw water for cooking ahead of time.
- Store a large bottle of water in the refrigerator for drinking.
- Check for discolored water before using the washing machine or dishwasher.

**QUALITY. ONE MORE WAY
WE KEEP LIFE FLOWING.**
